## GENERAL STATEMENT

Broward College (“College”) recognizes its obligation to work towards a community in which diversity is valued and equal employment opportunities are provided free from discrimination, unlawful harassment and retaliation in accordance with federal and state laws.

The College strongly encourages any alleged victims of harassment and/or discrimination to promptly report the incident. The College recognizes the unusual burden that the alleged harassing or discriminatory conduct places on the recipient and acknowledges the necessity for a thorough and careful resolution of all reported cases. It is contrary to College policy for any individual to engage, whether directly or indirectly, in retaliatory action against a person who files a harassment and/or discrimination complaint. Likewise, persons who participate in any investigation of such a complaint should not be retaliated against. As used in this paragraph, “retaliatory action” is any material adverse action taken against the person who makes or supports a complaint of discrimination. A material adverse action can be (depending on all of the circumstances) disciplinary action, the denial of a promotion, the denial of job benefits, negative evaluations, material changes in the terms and conditions of employment, changes in job responsibilities (increase or decrease of responsibilities), job transfer or a termination. Any employee who believes that retaliatory actions have been taken against him or her for having filed a complaint or provided testimony in an investigation of harassment and/or discrimination must contact the equity office in human resources.

Scope of prohibitions: The policies enunciated herein are relevant to all employment practices involving the College and its employees including, but not limited to, all educational, cultural, and social activities occurring on campus or sponsored by the College.

All employees are required by the College to complete the on-line Preventing Employment Discrimination Program within their probationary period.
